

She Can't Do That

(measures 1-14)

Unbelievable! Inconceivable!

It's a crime we can't allow!

It's villainous! It's killin' us!

Whata' we do now?

She says that he's the center of the deal,
and he's got to go no matter how we feel!

Chorus (measures 15-29)

She can't, she can't, she can't, she just can't do that!

She can't, she can't, but she locked the deal down pat!

It may feed her fragile ego,

But tell us why should he go?

She can't, she can't, she can't she just can't do that.

Verse (measure 46 -60)

She can give our sole possessions

To the begger on the street,

and at her own discretion

take the food we have to eat.

She can write the plots and call the shots that will make her wallet fat,

But she can't, she can't, she can't,

She just can't do that!
